SuperPole

SuperPole; The SuperPole System is an award winning modular support system designed for those requiring assistance with standing, transferring, or moving in bed. Maintain Confidence and Independence - Place support exactly where it's needed for valuable assistance beside a bed, bath, toilet or chair Quick, Easy, Secure Installation - Simply turn the screw at the bottom of the pole and the pole will expand between the floor and ceiling, creating unparalleled sturdiness and reliability. Versatile - Need to remove or relocate the pole? Not a problem! Rubber pads on the floor and ceiling plates prevent marking, even on stipple ceilings. Stylish - Clean and modern design will suit any decor. Add On Kits - The SuperPole also serves as a mounting support for a complete range of options that can be varied to meet changing needs: The SuperBar, SuperTrapeze, SuperTray & Safety Island. Overall Height: 93" - 99" for Super Pole Basic/up to 120" with Uni-Fit Extender/Available in custom heights 120" - 140". Diameter: 1.5" / 3.81 cm diameter Material: Pole: Heavy gauge steel, High temperature baked powder coat gloss white enamel. Grip Material: Grey, premium high quality grip, 20" / 51 cm long. Does not contain natural dried rubber or latex. Washable. Product Weight Capacity: 300lbs/136kg.
